

**June 24, 2010**

**Dear Sixth Grade Students and Parents:**

**Welcome to grade six! Below is a list of supplies for you to purchase for sixth grade. I know I enjoy shopping for all the bargains in the summer so I hope this list will help you do the same. You should bring the items to school on the first day. If you lose the list, I will have a copy in the front office and it will also be posted under my classroom door on our school web site.**

**We will be doing Book Talks next year so it would be a great idea for students to read an appropriate and enjoyable book of their choice over the summer. That way they will be one step ahead of the game. I'll give you more details in the fall and demonstrate what a Book Talk might look like so don't stress, just read a good book. Have a great summer! See you in September. ☺**
